Some recap events

Madison International Speedway Opener: We got started at MIS with a good day of practice and then racing. On Sunday I prayed with dozen of drivers for a safe season and hoping they would reach out for true safety, eternal life in Christ. Then the racing got going and there was good racing and major incidents.

Grundy: We ran down to Grundy, IL and hung out with the Mid Am guys. It is always fun to be around Doug and his group. Doug and Julie, the owner of MASCS, are solid believers and really encouraging. There was a heavy rain and then we got a night of racing in. The family went down and we got a good swim in too.

Chapel at MIS and the regular division opener: Saturday was a practice day at MIS and then we started the regular season at MIS on Sunday. We had a chapel on Sunday morning with good group of people and thanks to Don W (#7) we had music. I spoke on the preparation and effort to get ready for the race season and that we need that intentional detail with the Lord in being ready for eternity and then preparation to share with others the hope we have is the Lord Jesus. The racing was off that afternoon and had some after-care incidents.

This weekend is busy with the first Friday night race at Madison on Friday and then Saturday at the Dells with MASCS and then back to Grundy Sunday with the ASA North Late Model Series. It will be a busy weekend and many miles so we are asking for safety.

Things to pray about

Praise the Lord for allowing us to start the MIS year with a chapel. **Thank** the Lord for safety on the road so far and **pray** for continual safety. Our main **prayer** is for salvation of drivers and crews, the staff of the tracks and series we work with and fans. **Pray** for us to be wise as it looks like we have to repairs on the Sable and wisdom in getting the camper prepared to use. And **thanks** for all of you that are praying and supporting Team Jesus Racing Ministry!

I need to share a story. One of the guys came up to me at MIS and we were talking. I was glad to see him because he talked about not coming back to MIS this year. He said one of the main reasons he was back was because of me (hard to believe but he said it earnestly). He said he is not a religious person but he loved that I pray over the drivers separately every race night and spent time with the drivers and teams. He said I calm everyone down and we can think about what is important than go racing. Pray for the guys hearts to be opened by the Lord and that he would reach out for salvation.
