Acts 20:24: *However, I consider my life worth nothing to me, if only I may finish the race and complete the task the Lord Jesus has given me—the task of testifying to the gospel of God's grace.* (from NIV)

Green, green, green

Someone in the house said it sure seems like the season is slow at getting going and we have not been to many races. Well that changed as we got to three new tracks and five events in 11 days.

We went out to Cedar Rapids and had a great time with the Mid AM teams and staff including celebrating Julie Strasburg's birthday. They put on a good show. We woke up and ate breakfast in the RV and headed back to DeForest where we parked the RV and headed to Wausau and State Park Speedway and the ARCA Midwest Tour. Very good racing. I always enjoy praying with the guys before they go out for the feature to race but I think even more enjoyable is when I congratulate the guys for their finish and one wants to stop and pray and give God the thanks. That is what Dan Fredrickson did after his win at Wausau.

The next week (Memorial Day weekend) we headed to Tomah for the first time (so three new tracks in 8 days) and ministered with the Mid Am guys. More on that in another section. We got up and headed to the Dells. The super lates, Dells lates, sportsmen and four cycles run. We had a tribute in the invocation and race for Dick Trickle. (more to follow) On Monday we were scheduled to be in Columbus with the Big 8 but rain took out that race so we headed to Golden Sands with the Tundra Super Late Series. Excellent numbers as 40 cars were there!

Materials are in

We got decals in and also NASCAR schedule tracts. We also still have some Bibles, t Shirts and True Success Newspapers. Please ask if you would like any of them.

RV

We have been blessed greatly with the RV. Cindy enjoys being at the track and being able to help the kids and also to have the RV for ministry use. We used it several times this month. I need to share some of the fun we have in it. You can see pictures on the following pages. We got to Tomah and Cindy was told to park on the pad. The pad gave way so Cindy was told to back it up. It was about that time the kids were yelling for me to help. We ended up needing a bulldozer to drag us out. All was well and we thanked God for the safety. After Tomah we headed to the Dells and a good night of ministry and racing. We pulled off the Interstate at DeForest and the RV stopped and shut down. We tried to get it restarted and could not. We had a race team pull up behind us and got us and the RV home. Pray we are able to figure out what part failed and get it fixed quickly and not too much expense.

A little from a big friend!

It would have been a bad roll through the fence.

You can see the pad crumbled and the back tires spun where the bulldozer is. To the left is a drop off.

Safe again.
